1. COMPANY INFORMATION & DOCUMENT METADATA

Strativa Consulting is a business consulting, startup development, branding, and digital marketing firm headquartered in Karachi, Pakistan. This Security Measures Standard Operating Procedures (SOP) Manual (Document Reference: STR-SEC-SOP-001) establishes rigorous physical security, workplace safety, emergency preparedness, and asset protection protocols across all company operations.

2. PURPOSE AND SCOPE

2.1 Purpose of Security SOP

This SOP manual is established to protect Strativa Consulting employees, visiting clients, physical assets, confidential records, and proprietary startup strategies against security threats, unauthorized intrusion, theft, and environmental hazards. As a professional consulting firm handling sensitive business models and client data, maintaining a secure and orderly workplace is paramount.

- **Physical Safeguards:** Protects office premises, IT hardware, and restricted zones from unauthorized access.
- **Visitor Control:** Establishes systematic visitor greeting, registration, and escort protocols.
- **Asset Protection:** Safeguards company-owned equipment, mobile assets, and client documents.
- **Emergency Preparedness:** Defines clear action plans for fire safety, medical emergencies, and security incidents.

2.2 Scope of Applicability

This manual applies universally to all employees, management personnel, independent consultants, visiting clients, contractors, and authorized service providers operating at Strativa Consulting's Karachi office facility.

> **ADAPTATION & LOCAL COMPLIANCE MANDATE**
>
> These procedures must be adapted to the actual office layout, available building security rules, and applicable Pakistani labor and safety regulations. Prior to full operational rollout, all placeholders and emergency contacts must be verified against building management specifications.

3. OFFICE ENTRY AND EXIT PROCEDURES

3.1 Access Control & Authorized Entry

Access to Strativa Consulting's office premises is strictly restricted to authorized personnel and registered visitors. All staff members must display their employee identification cards or use assigned access keys/cards at entry points.

- **Card & Key Security:** Never lend access cards, keys, or entry PINs to colleagues, family members, or third parties.
- **Tailgating Prevention:** Ensure secure doors close fully behind you; challenge unverified individuals attempting to enter without credentials.
- **Lost Card Reporting:** Report lost or stolen access cards immediately to the Administration Responsible Person for immediate deactivation.
- **After-Hours Access:** Access outside normal business hours requires prior approval from management and proper sign-in on the after-hours register.

3.2 Employee Entry and Exit Checklist

Verification Step	Standard Operating Requirement	Status
1. Credential Check	Display valid employee ID card upon entering office premises.	[ ] Mandatory
2. Perimeter Check	Inspect entry points for tampering or forced-entry signs.	[ ] Daily
3. Visitor Verification	Ensure all non-employees are directed to reception for sign-in.	[ ] Enforced
4. Exit Securing	Ensure main entrance doors lock automatically upon departure.	[ ] Mandatory

4. VISITOR REGISTRATION AND IDENTIFICATION

4.1 Visitor Management Procedure

1. **Professional Greeting:** Reception staff greet visitors warmly and professionally upon arrival.
2. **Purpose Confirmation:** Inquire about the purpose of the visit and scheduled appointment details.
3. **Host Notification:** Contact the host employee via intercom or messaging to confirm visitor arrival.
4. **Visitor Registration:** Record complete visitor details in the secure digital/physical visitor register.
5. **Temporary Badging:** Issue a visible temporary visitor badge to be worn at all times.

6. **Escort Protocol:** Ensure visitors are escorted by their host while inside restricted or general work areas.
7. **Badge Return & Sign-Out:** Collect visitor badges upon departure and record exit times.

4.2 Sample Visitor Register

Visitor Name	Organization	Purpose	Host Employee	In	Out	Badge #
[Placeholder]	[Placeholder]	Meeting	[Placeholder]	09:30	10:45	V-01
[Placeholder]	[Placeholder]	Delivery	Admin Desk	11:15	11:25	V-02

5. PHYSICAL ACCESS CONTROL AND RESTRICTED AREAS

5.1 Zoned Access Permissions

To safeguard sensitive business records and client intellectual property, office areas are divided into distinct security zones governed by the principle of least privilege:

- **Reception & Common Areas:** Open to verified visitors, clients, and staff members. Visitors must remain accompanied.
- **General Workspaces:** Accessible to staff and authorized contractors. Unverified visitors are strictly prohibited.
- **Management Offices:** Restricted to executive leadership, authorized assistants, and invited personnel.
- **Confidential Archive & IT Server Room:** Highly restricted zones containing physical client dossiers and networking hardware. Access requires explicit managerial authorization.

6. PROTECTION OF COMPANY ASSETS

6.1 Asset Safeguarding & Inventory Control

All company hardware, mobile devices, printers, and project materials must be tracked and protected against theft, damage, or unauthorized removal.

- **Inventory Logging:** All equipment is tagged with a unique Asset ID and recorded in the master asset register.
- **Removal Authorization:** Removing company laptops or equipment from the office requires prior written approval from the Operations Manager.
- **Return of Assets:** Upon termination of employment or contract, all company assets, access keys, and devices must be returned immediately.

6.2 Master Asset Register Template

Asset ID	Description	Assigned Person	Location	Condition	Status
STR-LAP-01	Dell Latitude 5420 Laptop	[Placeholder]	Karachi Office	Good	Assigned
STR-PROJ-02	Epson Portable Projector	Project Team	Storage Cabinet A	Good	Available

7. CONFIDENTIAL DOCUMENTS AND INFORMATION SECURITY

7.1 Physical Clean-Desk and Document Safeguards

Confidential client strategies, financial models, and startup evaluations must be protected from unauthorized viewing or theft at all times.

- **Locked Storage:** Store physical sensitive documents in locked filing cabinets when not actively in use.
- **Clean-Desk Policy:** Never leave confidential papers unattended on desks, meeting tables, or printers. Clear desks at the end of each workday.
- **Screen Locking:** Lock computer screens immediately upon leaving workstations unattended (Win+L).
- **Secure Disposal:** Shred sensitive paper records using cross-cut shredders; never discard confidential drafts in open waste bins.

8. CCTV AND SECURITY MONITORING GUIDELINES

8.1 Monitoring Scope & Privacy Compliance

Where CCTV security systems are installed and lawfully operated, they serve legitimate asset protection and perimeter security purposes.

- **Approved Placement:** Cameras are positioned exclusively at main entrances, exits, reception desks, and common corridors. Cameras are strictly prohibited in restrooms or private spaces.
- **Footage Access:** Recorded footage is encrypted and accessible only by designated security administrators and the Managing Director.
- **Retention Period:** Footage is retained for [Placeholder: e.g., 30 days] before secure automated overwriting, unless required for an ongoing investigation.
- **Transparency:** Clear signage indicates that premises are under video surveillance.

9. WORKPLACE SAFETY AND HAZARD PREVENTION

9.1 Daily Safety Inspection Checklist

Maintaining a safe working environment requires proactive hazard identification and daily walkthrough inspections.

Safety Inspection Item	Standard Requirement	Status
Emergency Exits	Walkways, corridors, and exit doors remain completely unobstructed.	[ ] Checked Daily
Electrical Cords	No frayed wiring, overloaded sockets, or exposed electrical hazards.	[ ] Checked Daily
Spill Hazards	Floors kept dry and clean to prevent slips, trips, and falls.	[ ] Checked Daily
First-Aid Access	First-aid kit fully stocked, inspected, and easily accessible.	[ ] Checked Weekly

10. FIRE SAFETY AND EMERGENCY PREPAREDNESS

10.1 Fire Evacuation & Response Protocol

1. **Alarm Activation:** Activate the nearest manual fire alarm pull station upon discovering smoke or fire.
2. **Immediate Evacuation:** Cease work immediately, drop personal items, and evacuate calmly via designated exit routes.
3. **No Lifts Rule:** Never use elevators during a fire evacuation; always use stairwells.
4. **Assembly Point:** Gather at the designated external assembly point [Placeholder: e.g., Building Front Courtyard].
5. **Headcount:** Project managers and admins conduct team headcounts and report missing personnel to emergency responders.
6. **Re-Entry:** Re-enter the building only after official clearance is issued by fire rescue authorities.

Note: Employees must not attempt to fight fires unless properly trained and authorized with suitable extinguishing equipment.

11. FIRST AID AND MEDICAL EMERGENCIES

11.1 Medical Emergency Response

- **Reporting:** Report any injury or medical emergency immediately to the Administration Responsible Person.
- **Professional Help:** Contact emergency medical services (Ambulance) immediately for serious injuries.
- **First-Aid Kits:** Located at [Placeholder: e.g., Reception Admin Desk and Pantry Wall]. Maintained by designated first-aid personnel.
- **Scope of Care:** Staff must provide only basic first aid within their training; do not administer medication or exceed certified competencies.

12. EMERGENCY CONTACTS DIRECTORY

Emergency Service / Role	Contact Name / Organization	Telephone Number	Internal Responsible	Verification Status
Emergency Helpline	Emergency Services (Police/Rescue)	[Placeholder: 15 / 1122]	Admin Desk	[ ] Pending Verification
Fire & Rescue Dept	Karachi Fire Brigade	[Placeholder: 16 / 9921]	Admin Desk	[ ] Pending Verification
Medical Ambulance	[Placeholder: Local Ambulance Service]	[Placeholder: 1021 / Emergency]	Admin Desk	[ ] Pending Verification
Building Management	[Placeholder: Building Admin Office]	[Placeholder: Contact Number]	Operations Manager	[ ] Pending Verification
Office Administration	[Placeholder: Admin Responsible Person]	[Placeholder: Mobile Number]	Operations Manager	[ ] Verified
Managing Director	[Placeholder: Executive Office]	[Placeholder: Mobile Number]	Managing Director	[ ] Verified
IT Responsible Person	Web and Technology Specialist	[Placeholder: IT Mobile Number]	IT Department	[ ] Verified
Nearest Medical Facility	[Placeholder: Local Hospital / Clinic]	[Placeholder: Hospital Number]	Admin Desk	[ ] Pending Verification

13. SECURITY INCIDENT REPORTING

13.1 Incident Reporting Procedure

A security incident includes unauthorized entry, lost access cards, theft, missing property, suspicious visitors, lost confidential files, fire hazards, or workplace threats.

1. **Prioritize Safety:** Ensure personal safety and move away from immediate danger.
2. **Emergency Call:** Contact external emergency services if life or property is in immediate peril.
3. **Notify Management:** Inform the Administration Responsible Person and Operations Manager promptly.
4. **Document Facts:** Record time, location, individuals involved, and factual observations.
5. **Preserve Evidence:** Secure the incident scene without risking personal safety; do not disturb potential evidence.

14. INCIDENT ESCALATION MATRIX

Incident Category	Immediate Action	First Contact	Escalation	Priority
Immediate Danger / Violence	Evacuate / Call Police	Emergency Services	Managing Director	Critical (P1)
Fire / Smoke Hazard	Trigger Alarm / Evacuate	Fire Rescue Services	Operations Manager	Critical (P1)
Unauthorized Intrusion	Alert Security / Admin	Admin Desk	Operations Manager	High (P2)
Theft / Missing Assets	Secure Area / Log Details	Admin Responsible	Operations Manager	High (P2)
Lost Confidential File	Notify IT & Management	Operations Manager	Managing Director	High (P2)
Minor Maintenance Issue	Log Maintenance Ticket	Admin Desk	Facility Maintenance	Medium (P3)

15. SECURITY INVESTIGATION AND RECORDKEEPING

15.1 Incident Investigation Workflow

All reported security incidents are logged in the Security Incident Register, impartially investigated based on verified facts, and followed by corrective measures to prevent recurrence.

STRATIVA CONSULTING — SECURITY INCIDENT REPORT TEMPLATE

Incident Number: STR-INC-2026-___ **Date & Time:** _____

Location / Room: _____ **Category:** _____

People Involved / Witnesses: _____

Detailed Description of Incident:

.....

Immediate Corrective Actions Taken:

.....

Reviewing Officer: _____ Signature: _____ Date: _____

16. DAILY OFFICE OPENING PROCEDURES

Opening Checklist: (1) Authorized employee enters and deactivates alarm. (2) Inspect perimeter for forced entry or suspicious items—do not touch suspicious items; notify authorities if found. (3) Verify access control doors function correctly. (4) Inspect common walkways for hazards. (5) Ensure emergency exits remain unobstructed. (6) Log opening status.

17. DAILY OFFICE CLOSING PROCEDURES

Closing Checklist: (1) Secure all confidential paper documents in locked cabinets. (2) Lock computer screens and shut down workstations per IT rules. (3) Check that electrical appliances and lights are turned off. (4) Ensure shared areas are clean and tidy. (5) Check that windows and entry doors are securely locked. (6) Confirm all visitors have departed. (7) Activate the approved alarm security system.

18. ROLES AND RESPONSIBILITIES

18.1 Security Responsibilities Across Strativa Roles

Strativa Consulting's 11 organizational roles integrate physical security governance into daily operations:

Organizational Role	Primary Focus	Security & Operations Responsibilities
1. Managing Director / Founder	Executive Strategy	Approves security policies, emergency budgets, and facility governance frameworks.
2. Business Strategy Consultant	Client Advisory	Ensures physical client consultation records are locked and secured after meetings.
3. Project Manager	Operational Delivery	Monitors team adherence to office entry rules and visitor escort protocols.
4. Marketing Strategist	Brand & Campaigns	Safeguards marketing campaign collateral and restricts visitor access to design files.
5. Brand Identity Designer	Creative Assets	Secures physical creative mockups and restricts studio access during design reviews.
6. Market Research Analyst	Data & Intelligence	Ensures physical surveys and research questionnaires are stored securely.
7. Financial Planning Consultant	Financial Modeling	Maintains strict clean-desk practices for financial valuation dossiers.
8. Digital Marketing Specialist	Performance Ads	Follows workstation locking protocols when stepping away from terminals.
9. Content Strategist	Copywriting	Protects physical editorial notes and sensitive client briefing papers.
10. Client Relationship Manager	Account Management	Manages visitor registration and accompanies clients in meeting rooms.
11. Web & Technology Specialist	IT & Infrastructure	Maintains server room physical access controls and CCTV monitoring equipment.

19. TRAINING AND AWARENESS

All new employees receive security orientation upon onboarding, covering emergency exits, visitor protocols, clean-desk rules, and incident reporting. Periodic fire evacuation drills and refresher training are conducted semi-annually.

20. NON-COMPLIANCE AND CORRECTIVE ACTION

Violations of security procedures are documented, reviewed fairly, and addressed through coaching, security retraining, or corrective disciplinary actions in accordance with company policy and Pakistani labor law.

21. POLICY REVIEW, APPROVAL, AND DOCUMENT HISTORY

Approval Workflow: Prepared by Admin/Security → Reviewed by Operations Manager → Checked for Legal/ Safety Compliance → Approved by Managing Director.

Version	Release Date	Description of Changes	Prepared By	Approved By
1.0	1 Nov 2026	Initial Release - Final University Project Draft	Admin Specialist	Managing Director

22. EMPLOYEE ACKNOWLEDGEMENT AND COMMITMENT FORM

SECURITY SOP EMPLOYEE ACKNOWLEDGMENT DECLARATION

I hereby acknowledge that I have received, read, and understood the Strativa Consulting Security Measures Standard Operating Procedures Manual (Document Reference: **STR-SEC-SOP-001**, Version 1.0).

I agree to comply with all physical security standards, visitor protocols, asset protection rules, and emergency guidelines set forth in this manual throughout my tenure.
